**Subject:** RE: USEPA Proposes Interim Actions at the Lusher Street Groundwater Contamination Site

Hello Chris: We are just about to finalize the Lusher Street Groundwater Contamination Site's Record of Decision (ROD). I expect this to be done within two weeks. The plan is to send out the Special Notice Letters to the Potentially Responsible Parties right after the ROD is signed. So at this point we have not sent out the Special Notice Letters to anyone, although General Notice Letters were sent a while back.

Thanks.

Syed

Syed,

Greetings. I'm just following up for Elkhart County on the Lusher Street Superfund effort. I was not able to make the April 29th meeting, and I am just checking to see status. Have all the PRPs been notified to date? If so, I expect the County may be interested to know which ones were notified and if any have responded.

If you get a chance, please just let me know how things are going.

Best regards,

Chris

Hi all: The USEPA Proposed Plan for the Lusher Street Groundwater Contamination Site have been finalized and the Public Comment period starts today (April 21, 2014) for 30 days. Attached please find the fact sheet for the Lusher Site. Please forward these

documents to any other stakeholder, who may be interested to know about USEPA's plans.

The Lusher Street Site public meeting related to this proposed plan is next week on April 29 at the following location and time.

**April 29, 2014**

**6:30 PM**

**----Calvary United Methodist Church**

**2222 W. Indiana, Elkhart, IN**

Please let me know if you have any questions.

Thanks.
